We own 48 million square feet of real estate consisting primarily of interests in 44 regional town centers that serve as community cornerstones. As a leading owner, operator and developer of high-quality retail real estate in densely populated and attractive U.S. markets, our portfolio is concentrated in California, the Pacific Northwest, Phoenix/Scottsdale, and the Metro New York to Washington, D.C. corridor. We are firmly dedicated to advancing environmental goals, social good and sound corporate governance. As a recognized leader in sustainability, The Macerich Company (the "Company") has achieved a #1 GRESB ranking for the North American retail sector for seven straight years (2015-2021).

General Updates:

Despite macro issues impacting the U.S. and global economies, the fundamentals of our business remained resilient during the first half of 2022. Most importantly, tenant demand to both retain existing locations and open new locations in our regional town centers remains strong despite the prevailing macro environment. During the second quarter of 2022, we signed 27% more new and renewal leases for 74% more square footage than we signed during the second quarter of 2021. Through the first six months of 2022, portfolio comparable tenant sales from spaces less than 10,000 square feet were 7.6% higher than the same period in 2021, compared to 2.2% higher for the second quarter of 2022 relative to the same period in 2021. Portfolio tenant sales per square foot for spaces less than 10,000 square feet for the trailing twelve months ended June 30, 2022 were \$860, which is a record high for the Company.

Financial Results for the Quarter:

- The net loss attributable to the Company was \$15.4 million or \$0.07 per share-diluted during the second quarter of 2022, compared to the net loss attributable to the Company of \$11.8 million or \$0.06 per share-diluted attributable to the Company for the quarter ended June 30, 2021.
- Funds from Operations ("FFO"), excluding financing expense in connection with Chandler Freehold was \$102.9 million or \$0.46 per share-diluted during the second quarter of 2022, compared to \$127.6 million or \$0.59 per share-diluted for the quarter ended June 30, 2021. This \$0.13 per share FFO decline was primarily due to: (i) positive mark-to-market valuation adjustments in the second quarter of 2021 from retail venture capital funds in which the Company has invested that did not re-occur in 2022, and (ii) significant gains recognized from various land sales during the second quarter of 2021, which collectively contributed to an approximate \$0.16 per share decrease in FFO.
- Same center net operating income ("NOI"), excluding lease termination income, increased 5.4% in the second quarter of 2022 compared to the second quarter of 2021. This percentage increased to 7.8% when including lease termination income.

Operations:

- Portfolio occupancy as of June 30, 2022 was 91.8%, a 2.4% increase compared to the 89.4% occupancy rate at June 30, 2021, and a 0.5% sequential increase compared to the 91.3% occupancy rate at March 31, 2022.
- Portfolio sales per square foot from spaces less than 10,000 square feet for the trailing twelve months ended June 30, 2022 were \$860, which is an all-time, record high for the Company.
- During the second quarter of 2022, we signed 274 new and renewal leases for 1.2 million square feet, compared to 216 new and renewal leases and 686,000 square feet during the second quarter of 2021. This represented a 27% increase in the number of leases signed and a 74% increase in the square footage of leases signed.
- Re-leasing spreads were 0.6% greater than expiring base rent for the twelve months ended June 30, 2022.

Redevelopment:

We continue to focus on redevelopment and re-positioning of our top quality regional town centers. Some highlights include:

- We continue to secure entitlements and/or plan transformative projects to redevelop: the former Bloomingdale's and Arclight Theater spaces at Santa Monica Place with entertainment and office uses; the former Lord & Taylor parcel at Tysons Corner Center with mixed uses and possibly flagship retail uses; Flatiron Crossing in Broomfield, Colorado with a multi-phased, mixed-

use densification expansion for which we secured entitlements in late 2021; and Kierland Commons in Phoenix, Arizona for an expansion to add multi-family and office buildings to this amenity-rich lifestyle property in northeast Phoenix.

- As recently announced, we are working with the Philadelphia 76ers organization and other Philadelphia business leaders to redevelop a portion of Fashion District of Philadelphia into 76 Place, a privately-funded, purpose built sports and entertainment arena. The project, currently in the planning stages, is expected to be completed in time for the 2031 – 2032 NBA season. Ground-breaking on the development is not expected to start for several years. If successful, this redevelopment is expected to be an extremely transformative venture for Fashion District of Philadelphia and the larger Center City area.

Balance Sheet:

During 2022, our mortgage refinancing and extension activity has included the following: on February 2, we closed a \$175 million refinance of Flatiron Crossing; on April 29, we closed a \$72 million refinance of Pacific View; on May 6, we secured a two-year extension of the \$168 million loan on The Oaks; and on July 1, we recently closed a one-year extension of the \$164 million loan on Danbury Fair Mall. Despite the continued disruption to the financing market stemming first from the pandemic and more recently from the prevailing inflationary environment, we have successfully secured all requested extensions from both balance sheet lenders and CMBS lenders/servicers spanning nine loan extensions and totaling over \$1.6 billion of debt since September 2020.

As of the date of this filing, we have over \$630 million of liquidity, including unrestricted cash on hand totaling over \$170 million, with the balance representing available capacity on our revolving line of credit.

As of June 30, 2022, total debt including our pro-rata share of joint ventures was \$6.86 billion at a weighted average annual effective interest rate of 4.01%.

2022 Earnings Guidance:

At this time, we are narrowing the ranges of our 2022 guidance for both estimated EPS-diluted and FFO per share-diluted, excluding financing expense in connection with Chandler Freehold. We are also increasing the guidance range midpoint for estimated 2022 FFO per share-diluted, excluding financing expense in connection with Chandler Freehold, and we are decreasing the guidance range midpoint for estimated 2022 EPS-diluted. The following is a reconciliation of estimated EPS-diluted to FFO per share-diluted, excluding financing expense in connection with Chandler Freehold:

	Fiscal Year 2022 Guidance
EPS-diluted	(\$0.21) - (\$0.09)
Plus: real estate depreciation and amortization	1.89 - 1.89
Plus: loss on sale or write-down of depreciable assets	0.17 - 0.17
FFO per share-diluted	1.85 - 1.97
Plus: impact of financing expense in connection with Chandler Freehold	0.07 - 0.07
FFO per share – diluted, excluding financing expense in connection with Chandler Freehold	<u>\$1.92 - \$2.04</u>

This guidance assumes no further government-mandated shutdowns of our properties. It does not assume any sale of common equity during 2022. These estimates do not include possible future gains or losses or the impact on operating results from possible future property acquisitions or dispositions, other than land sales. There can be no assurance that our actual results will not differ from the estimates set forth above.

More details of the guidance assumptions are included on page 16.

Dividend:

On July 20, 2022, we declared a quarterly cash dividend of \$0.15 per share of common stock. The dividend is payable on September 8, 2022 to stockholders of record at the close of business on August 19, 2022.

Investor Conference Call:

We will provide an online Web simulcast and rebroadcast of our quarterly earnings conference call. The call will be available on The Macerich Company's website at www.macerich.com (Investors Section). The call begins on July 28, 2022 at 10:00 a.m. Pacific Time. To listen to the call, please visit the website at least 15 minutes prior to the call in order to register and download audio software if needed. An online replay at www.macerich.com (Investors Section) will be available for one year after the call.

The Macerich Company
Executive Summary
June 30, 2022

About Macerich and this Document:

The Company is a fully integrated, self-managed and self-administered real estate investment trust, which focuses on the acquisition, leasing, management, development and redevelopment of regional town centers throughout the United States. The Company is the sole general partner of, and owns a majority of the ownership interests in, The Macerich Partnership, L.P., a Delaware limited partnership (the "Operating Partnership") and conducts all of its operations through the Operating Partnership and the Company's management companies.

As of June 30, 2022, the Operating Partnership owned or had an ownership interest in 48 million square feet of gross leasable area ("GLA") consisting primarily of interests in 44 regional town centers, five community/power shopping centers and two redevelopment properties. These 51 centers (which include any adjoining mixed-use improvements) are referred to hereinafter as the "Centers" unless the context requires otherwise.

All references to the Company in this document include the Company, those entities owned or controlled by the Company and predecessors of the Company, unless the context indicates otherwise.

The Company presents certain measures in this document on a pro rata basis which represents (i) the measure on a consolidated basis, minus the Company's partners' share of the measure from its consolidated joint ventures (calculated based upon the partners' percentage ownership interest); plus (ii) the Company's share of the measure from its unconsolidated joint ventures (calculated based upon the Company's percentage ownership interest). Management believes that these measures provide useful information to investors regarding its financial condition and/or results of operations because they include the Company's share of the applicable amount from unconsolidated joint ventures and exclude the Company's partners' share from consolidated joint ventures, in each case presented on the same basis. The Company has several significant joint ventures and the Company believes that presenting various measures in this manner can help investors better understand the Company's financial condition and/or results of operations after taking into account its economic interest in these joint ventures. Management also uses these measures to evaluate regional property level performance and to make decisions about resource allocations. The Company's economic interest (as distinct from its legal ownership interest) in certain of its joint ventures could fluctuate from time to time and may not wholly align with its legal ownership interests because of provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses, payments of preferred returns and control over major decisions. Additionally, the Company does not control its unconsolidated joint ventures and the presentation of certain items, such as assets, liabilities, revenues and expenses, from these unconsolidated joint ventures does not represent the Company's legal claim to such items.

Note: This document contains statements that constitute forward-looking statements which can be identified by the use of words, such as "will," "expects," "anticipates," "assumes," "believes," "estimated," "guidance," "projects," "scheduled" and similar expressions that do not relate to historical matters, and includes expectations regarding the Company's future operational results as well as development, redevelopment and expansion activities. Stockholders are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks, uncertainties and other factors that may cause actual results, performance or achievements of the Company to vary materially from those anticipated, expected or projected. Such factors include, among others, general industry, as well as global, national, regional and local economic and business conditions, which will, among other things, affect demand for retail space or retail goods, availability and creditworthiness of current and prospective tenants, anchor or tenant bankruptcies, closures, mergers or consolidations, lease rates, terms and payments, interest rate fluctuations, availability, terms and cost of financing and operating expenses; adverse changes in the real estate markets including, among other things, competition from other companies, retail formats and technology, risks of real estate development and redevelopment (including rising inflation, supply chain disruptions and construction delays), and acquisitions and dispositions; the continuing adverse impact of the novel coronavirus (COVID-19) on the U.S., regional and global economies and the financial condition and results of operations of the Company and its tenants; the liquidity of real estate investments; governmental actions and initiatives (including legislative and regulatory changes); environmental and safety requirements; and terrorist activities or other acts of violence which could adversely affect all of the above factors. The reader is directed to the Company's various filings with the Securities and Exchange Commission, including the Annual Report on Form 10-K for the year ended December 31, 2021 for a discussion of such risks and uncertainties, which discussion is incorporated herein by reference. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this document. The Company does not intend, and undertakes no obligation, to update any forward-looking information to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events unless required by law to do so.

THE MACERICH COMPANY
FINANCIAL HIGHLIGHTS
(IN THOUSANDS, EXCEPT PER SHARE AMOUNTS)

- (a) The Company accounts for its investment in the Chandler Fashion Center and Freehold Raceway Mall ("Chandler Freehold") joint venture as a financing arrangement. As a result, the Company has included in interest expense (i) an expense of \$7,241 and \$9,785 to adjust for the change in the fair value of the financing arrangement obligation during the three and six months ended June 30, 2022, respectively; and a credit of \$1,439 and \$2,302 to adjust for the change in the fair value of the financing arrangement obligation during the three and six months ended June 30, 2021, respectively; (ii) distributions of (\$248) and \$249 to its partner representing the partner's share of net (loss) income for the three and six months ended June 30, 2022, respectively; and (\$1,193) and (\$2,425) to its partner representing the partner's share of net loss for the three and six months ended June 30, 2021, respectively; and (iii) distributions of \$1,899 and \$6,861 to its partner in excess of the partner's share of net income for the three and six months ended June 30, 2022, respectively; and \$5,586 and \$9,000 to its partner in excess of the partner's share of net income for the three and six months ended June 30, 2021, respectively.
- (b) The Operating Partnership has operating partnership units ("OP units"). OP units can be converted into shares of Company common stock. Conversion of the OP units not owned by the Company has been assumed for purposes of calculating FFO per share and the weighted average number of shares outstanding. The computation of average shares for FFO—diluted includes the effect of share and unit-based compensation plans, stock warrants and convertible senior notes using the treasury stock method. It also assumes conversion of MACWH, LP preferred and common units to the extent they are dilutive to the calculation.
- (c) The Company uses FFO in addition to net income to report its operating and financial results and considers FFO and FFO-diluted as supplemental measures for the real estate industry and a supplement to Generally Accepted Accounting Principles ("GAAP") measures. The National Association of Real Estate Investment Trusts ("Nareit") defines FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from sales of properties, plus real estate related depreciation and amortization, impairment write-downs of real estate and write-downs of investments in an affiliate where the write-downs have been driven by a decrease in the value of real estate held by the affiliate and after adjustments for unconsolidated joint ventures. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis.

The Company accounts for its joint venture in Chandler Freehold as a financing arrangement. In connection with this treatment, the Company recognizes financing expense on (i) the changes in fair value of the financing arrangement, (ii) any payments to such joint venture partner equal to their pro rata share of net income and (iii) any payments to such joint venture partner less than or in excess of their pro rata share of net income. The Company excludes the noted expenses related to the changes in fair value and for the payments to such joint venture partner less than or in excess of their pro rata share of net income.

The Company also presents FFO excluding financing expense in connection with Chandler Freehold.

FFO and FFO on a diluted basis are useful to investors in comparing operating and financial results between periods. This is especially true since FFO excludes real estate depreciation and amortization, as the Company believes real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time. The Company believes that such a presentation also provides investors with a more meaningful measure of its operating results in comparison to the operating results of other REITs. In addition, the Company believes that FFO excluding financing expense in connection with Chandler Freehold and non-routine costs associated with extinguishment of debt provide useful supplemental information regarding the Company's performance as they show a more meaningful and consistent comparison of the Company's operating performance and allows investors to more easily compare the Company's results. The Company believes that FFO on a diluted basis is a measure investors find most useful in measuring the dilutive impact of convertible securities.

The Company further believes that FFO does not represent cash flow from operations as defined by GAAP, should not be considered as an alternative to net income (loss) as defined by GAAP, and is not indicative of cash available to fund all cash flow needs. The Company also cautions that FFO as presented, may not be comparable to similarly titled measures reported by other REITs.

- (d) Adjusted EBITDA represents earnings before interest, income taxes, depreciation, amortization, noncontrolling interests in the OP, extraordinary items, loss (gain) on remeasurement, sale or write down of assets, loss (gain) on extinguishment of debt and preferred dividends and includes joint ventures at their pro rata share. Management considers Adjusted EBITDA to be an appropriate supplemental measure to net income because it helps investors understand the ability of the Company to incur and service debt and make capital expenditures. The Company believes that Adjusted EBITDA should not be construed as an alternative to operating income as an indicator of the Company’s operating performance, or to cash flows from operating activities (as determined in accordance with GAAP) or as a measure of liquidity. The Company also cautions that Adjusted EBITDA, as presented, may not be comparable to similarly titled measurements reported by other companies.
- (e) The Company presents Same Center NOI because the Company believes it is useful for investors to evaluate the operating performance of comparable centers. Same Center NOI is calculated using total Adjusted EBITDA and eliminating the impact of the Management Companies’ revenues and operating expenses, leasing expenses (including joint ventures at pro rata), the Company’s REIT general and administrative expenses and the straight-line and above/below market adjustments to minimum rents and subtracting out NOI from non-Same Centers. The Company also presents Same Center NOI, excluding lease termination income, as the Company believes that it is useful for investors to evaluate operating performance without the impact of lease termination income.

2022 Earnings Guidance (unaudited)

At this time, we are narrowing the ranges of our 2022 guidance for both estimated EPS-diluted and FFO per share-diluted, excluding financing expense in connection with Chandler Freehold. We are also increasing the guidance range midpoint for estimated 2022 FFO per share-diluted, excluding financing expense in connection with Chandler Freehold, and we are decreasing the guidance range midpoint for estimated 2022 EPS-diluted. The following is a reconciliation of estimated EPS-diluted to FFO per share-diluted, excluding financing expense in connection with Chandler Freehold:

	Fiscal Year 2022 Guidance	
EPS-diluted	(\$0.21) -	(\$0.09)
Plus: real estate depreciation and amortization	1.89 -	1.89
Plus: loss on sale or write-down of depreciable assets	0.17 -	0.17
FFO per share-diluted	1.85 -	1.97
Plus: impact of financing expense in connection with Chandler Freehold	0.07 -	0.07
FFO per share – diluted, excluding financing expense in connection with Chandler Freehold	<u>\$1.92 -</u>	<u>\$2.04</u>

This guidance assumes no further government-mandated shutdowns of our properties. It does not assume any sale of common equity during 2022. These estimates do not include possible future gains or losses or the impact on operating results from possible future property acquisitions or dispositions, other than land sales. There can be no assurance that our actual results will not differ from the estimates set forth above.

Underlying Assumptions to 2022 Guidance:

Cash Same Center Net Operating Income (“NOI”) Growth, excluding Lease Termination Income (a)	5.50% - 6.75%
--	----------------------

	Year 2022 (\$ millions)(b)	Year 2022 FFO / Share Impact

The Company owned or had an ownership interest in 44 regional town centers, five community/power shopping centers and office, hotel and residential space adjacent to these shopping centers. With the exception of the eight Centers indicated with footnote (c) in the table above, the underlying land controlled by the Company is owned in fee entirely by the Company, or, in the case of jointly-owned Centers, by the joint venture property partnership or limited liability company.

- (a) The Company's ownership interest in this table reflects its legal ownership interest. See footnotes (a) and (b) in the Joint Venture List regarding the legal versus economic ownership of joint venture entities.
- (b) Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores.
- (c) Portions of the land on which the Center is situated are subject to one or more long-term ground leases.
- (d) Included in Unconsolidated Joint Venture Centers.
- (e) Included in Consolidated Centers.
- (f) The Company owns an office building and three stores located at shopping centers not owned by the Company. Of the three stores, one is leased to Kohl's, and two have been leased for non-Anchor uses. With respect to the office building and one of the three stores, the underlying land is owned in fee entirely by the Company. With respect to the remaining two stores, the underlying land is owned by third parties and leased to the Company pursuant to long-term building or ground leases.
- (g) Construction is underway to convert former regional town center Westside Pavilion, which closed in January 2019, into an approximately 584,000 square foot Class A creative office campus called One Westside leased solely to Google, while maintaining approximately 96,000 square feet of adjacent entertainment and retail space at 10850 Pico Boulevard. The project was delivered to Google during the fourth quarter of 2021 for tenant improvement work, which is expected to be completed in 2022.
- (h) On March 29, 2021, the Company sold the former Paradise Valley Mall for \$100 million to a newly formed joint venture and retained a 5% joint venture interest. Construction started in Summer 2021 on the first phase of a multi-phase, multi-year project to convert this former regional town center into a mixed-use development with high-end grocery, restaurants, multi-family residences, offices, retail shops and other elements on the 92-acre site. The existing Costco and JC Penney stores currently remain open, while all of the other stores at the property have closed.

- (a) This column reflects the Company's legal ownership in the listed properties. Legal ownership may, at times, not equal the Company's economic interest in the listed properties because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. As a result, the Company's actual economic interest (as distinct from its legal ownership interest) in certain of the properties could fluctuate from time to time and may not wholly align with its legal ownership interests. Substantially all of the Company's joint venture agreements contain rights of first refusal, buy-sell provisions, exit rights, default dilution remedies and/or other break up provisions or remedies which are customary in real estate joint venture agreements and which may, positively or negatively, affect the ultimate realization of cash flow and/or capital or liquidation proceeds.
- (b) Economic ownership represents the allocation of cash flow to the Company, except as noted below. In cases where the Company receives a current cash distribution greater than its legal ownership percentage due to a capital account greater than its legal ownership percentage, only the legal ownership percentage is shown in this column. The Company's economic ownership of these properties may fluctuate based on a number of factors, including mortgage refinancings, partnership capital contributions and distributions, and proceeds and gains or losses from asset sales, and the matters set forth in the preceding paragraph.
- (c) Includes GLA attributable to anchors (whether owned or non-owned) and mall and freestanding stores.
- (d) These Centers have a former Sears store which is owned by MS Portfolio LLC, see footnote (i) below. The GLA of the former Sears store, or tenant replacing the former Sears store, at the five Centers indicated with footnote (d) in the table above is included in Total GLA at the center level. The GLA for the former Sears store at these five Centers plus the GLA of the former Sears store at two wholly owned Centers, Danbury Fair Mall and Vintage Faire Mall, are also aggregated into the 795,000 square feet in the MS Portfolio LLC above.
- (e) The joint venture entity was formed in September 2009. Upon liquidation of the partnership, distributions are made in the following order: to the third-party partner until it receives a 13% internal rate of return on and of its aggregate unreturned capital contributions; to the Company until it receives a 13% internal rate of return on and of its aggregate unreturned capital contributions; and, thereafter, pro rata 35% to the third-party partner and 65% to the Company.
- (f) On December 10, 2020, the Company made a loan (the Partnership Loan) to the 50/50 joint venture that owns Fashion District Philadelphia to fund the entirety of a \$100 million repayment to reduce the mortgage loan on Fashion District Philadelphia from \$301 million to \$201 million. Pursuant to

The Macerich Company
Joint Venture List
As of June 30, 2022

- the joint venture partnership agreement, the Partnership Loan plus 15% accrued interest must first be repaid prior to the resumption of 50/50 cash distributions to the Company and its joint venture partner. The principal balance of the Partnership Loan at June 30, 2022 was \$119.3 million.
- (g) Construction is underway to convert former regional town center Westside Pavilion, which closed in January 2019, into an approximately 584,000 square foot Class A creative office campus called One Westside leased solely to Google, while maintaining approximately 96,000 square feet of adjacent entertainment and retail space at 10850 Pico Boulevard. The Company contributed the existing buildings and land valued at \$190.0 million to the joint venture on August 31, 2018. Refer to the Development and Redevelopment Pipeline Forecast for more details.
- (h) On March 29, 2021, the Company sold the former Paradise Valley Mall for \$100 million to a newly formed joint venture and retained a 5% joint venture interest. Construction started in Summer 2021 on the first phase of a multi-phase, multi-year project to convert this former regional town center Paradise Valley Mall into a mixed-use development with high-end grocery, restaurants, multi-family residences, offices, retail shops and other elements on the 92-acre site. The existing Costco and JC Penney stores currently remain open, while all of the other stores at the property have closed.
- (i) On April 30, 2015, Sears Holdings Corporation ("Sears") and the Company announced that they had formed a joint venture, MS Portfolio LLC. Sears contributed nine stores (located at Arrowhead Towne Center, Chandler Fashion Center, Danbury Fair Mall, Deptford Mall, Freehold Raceway Mall, Los Cerritos Center, South Plains Mall, Vintage Faire Mall and Washington Square) to the joint venture and the Company contributed \$150 million in cash to the joint venture. On July 7, 2015, Sears assigned its ownership interest in MS Portfolio LLC to Seritage MS Holdings LLC. On December 31, 2020, the Company traded its 50% interest in the former Sears parcel at Arrowhead Towne Center for its partner's 50% interest in the former Sears parcel at South Plains Mall, such that the Company now owns 100% of the former Sears parcel at South Plains Mall. The Company expects to create additional value through re-leasing the former Sears boxes. For example, Primark has leased space in portions of the Sears stores at Danbury Fair Mall and Freehold Raceway Mall. Refer to the Development and Redevelopment Pipeline Forecast for details of the Former Sears Redevelopments at these properties.

- (a) The Company's pro rata share of debt represents (i) consolidated debt, minus the Company's partners' share of the amount from consolidated joint ventures (calculated based upon the partners' percentage ownership interest); plus (ii) the Company's share of debt from unconsolidated joint ventures (calculated based upon the Company's percentage ownership interest). Management believes that this measure provides useful information to investors regarding the Company's financial condition because it includes the Company's share of debt from unconsolidated joint ventures and, for consolidated debt, excludes the Company's partners' share from consolidated joint ventures, in each case presented on the same basis. The Company has several significant joint ventures and presenting its pro rata share of debt in this manner can help investors better understand the Company's financial condition after taking into account the Company's economic interest in these joint ventures. The Company's pro rata share of debt should not be considered as a substitute to the Company's total debt determined in accordance with GAAP or any other GAAP financial measures and should only be considered together with and as a supplement to the Company's financial information prepared in accordance with GAAP.

Outstanding Debt by Maturity Date

- (a) The debt balances include the unamortized debt premiums/discounts and loan finance costs. Debt premiums/discounts represent the excess of the fair value of debt over the principal value of debt assumed in various acquisitions. Debt premiums/discounts and loan finance costs are amortized into interest expense over the remaining term of the related debt in a manner that approximates the effective interest method. The annual interest rate in the table represents the effective interest rate, including the debt premiums/discounts and loan finance costs.
